

1st week winners

Thursday, 27 January 2011 09:55 -

Hi all, sorry for the big delay but I was trying to get more gifts in order to have more winners than one at each contest. So it will be.

The big winner of the [Gainward GeForce GTX480 1536Mb](#) is **Mario Rafael**, Ireland.

Also there will be 2 smaller gifts for the 2nd and 3rd that came out of the contest, who are:

Michael Cheung,USA

George Liapis,Greece

Each one will get a Kingston Mini Traveler Fun G2 - 4Gb usb stick.

The winners will be contacted, if I get no reply until 10/2 the gifts will go for the next contest(probably ~15/2).
